Most countries to which Hongkong forwards Correspondence having joined the General Postal Union under the Convention of 10th July, 1874, it is hereby notified that to do so, the following rules are strictly observed:

1. No Letter or Packet, whether to be registered or unregistered, can be received for Postage if it contains any money, jewels, precious articles, or anything that, as a general rule, is liable to Customs duties.
2. This Regulation prohibits the sending of parcels of any kind unless they contain the quantity sent as small as to make the sample of no value.
3. The limits of weight allowed are as follows:  
Letters.—5 flms. To British Offices, 1 lb.  
Packets.—5 flms. If without intrinsic value.  
Books and Papers.—To the Continent, &c., 2 lbs.

Packets.—8 oz.

4. The following articles cannot be sent by Post at all:—Glass, Liquids, Gunpowder, Matches, Canals, Soap, Linoleum, Dynamite, or whatever is dangerous, explosive, inflammable, or injurious to persons dealing with them.

**PARCELS.**

The public is reminded that in China and Japan, there is no such thing as Parcel Post. Any parcel sent by post must be accompanied by persistent attempts to send small valuable trifles through the Post. Fans, Curios, Articles of Dress, Fancy Work, and similar presents are sometimes sent by parcel post. The contents being often up more in Postage than would have paid the freight by steamer. No refund can be made on such parcels of the value of Stamps obliterated. From the nature of the contents was discovered.

**FATTERNS.**

Some difficulty is experienced in obtaining a general understanding of what a Pattern is. It is a set of goods of sample upon which the sender has to indicate, or of goods which he wishes to order. It is to consist of the smallest possible quantity compatible with showing what the goods are, and must have no intrinsic value.

Many boxes of letters are received at the Post Office not sealed, that is to say, the box is fastened with sealing wax, but there is no impression of the seal.

The attention of boxholders is called to the necessity of carefully sealing such boxes with some recognizable seal, and of sending a Chinese receipt with each parcel. The omission of the latter precaution leaves a doubt as to whether the contents of the box ever reached the Post Office, the omission of the former, as to whether the contents might not have been directed for the sake of the Foreign Stamps.

Correspondence can now be forwarded by closed Mail to the United Kingdom, via San Francisco, at the following rates:—

Letters and Telegrams, per 100	8 cents per doz.
Registration	8 cents.
Newspapers	8 cents each.
Books and Patterns, 1 cwt.	2 cents.
" " " " 2 cwt.	4 cents.
Books and Patterns, every 4 cwt.	3 cents.

The Mails close on 3.30 p.m. usually on the day before departure.

Registry must be effected after 2 P.M.

The average time of transit to London by this route is 50 days. The correspondence must be specially addressed via San Francisco. If insufficiently paid it will be sent via Suva.
